

NORMAL IMAGE

Description:

Null

StoutxUniKL.png

If we cannot see anything inside the image, metadata or hidden compressed file inside the image. Try to see if `zsteg` any uses.

1. Using zsteg

```

[osiris@ALICE] ~/Downloads/CTF/STOUTCTF/Normal_image
$ zsteg StoutxUniKL.png
b1,g,msb,xy .. file: OpenPGP Secret Key
b1,rgb,lsb,xy .. text: "STOUTCTF{1yWHGox1ZRNCaFtHt1CWP9YT1PKT1inR}"
b1,rgba,msb,xy .. file: OpenPGP Public Key
b1,abgr,msb,xy .. file: OpenPGP Secret Key

```

2. Alternative way:

Using some cool website called 'Aperisolve' and lookout for zsteg: [Aperi'Solve](#)

Zsteg

[illegible]
